

# FES20 Series

HIGH-SECURITY ELECTRIC  
STRIKES AUSTRALIAN  
FOOTPRINT

## Features

- 5 year warranty
- Simple Power To Lock/Power To Open, mode change mechanism
- No loose pins and springs
- Pre-drilled for extension lips
- Mounting kit included
- 

The patented FES20 Series high security electric strikes are manufactured from stainless steel, accept voltages from 12 to 36VDC and have a simple and unique Power To Lock (PTL) / Power To Open (PTO) field selectable mechanism, with no loose screws or pins.

All FES20 strikes come with a 10mm strike lip as standard and are also pre-drilled for extension lips.

The FES20M monitored electric strike provides full monitoring including LSS (Lock Status Sensor), DSS (Door Status Sensor) and ATS (Anti-Tamper Sensor).
